

Universal Traffic Service, Inc.  
Universal Solutions for Supply Chain Management

## Quick Payment Agreement

By executing this agreement, Carrier is requesting that Universal Traffic Service make early payment of freight charges in exchange for a discount of the agreed rates provided for in the **Universal Traffic Service Truckload and Expedite Carrier Agreement** and any attached schedules of the Agreement.

When Carrier provides the necessary documents upon the completion of load, Universal Traffic Service agrees to pay to Carrier the amount of the freight bill as confirmed by Universal Traffic Service less a discount of 2.0% of the gross freight bill amount. Upon receiving the necessary documents, and after allowing for two days processing time, Universal Traffic Service will make payment on the next business day by depositing the amount via electronic funds transfer (“EFT”) into Carrier’s designated financial account. Documents received after 2:00 PM Eastern Standard Time may be processed the next business day.

Carrier shall provide Universal Traffic Service with written payment instructions by completing the **Universal Traffic Service EFT Authorization Form**. Also, Carrier agrees to hold Universal Traffic Service harmless from any claims or damages that may arise from payment by Universal Traffic Service according to Carrier’s instructions. Carrier understands and agrees that it may take up to ten days from the execution of the Quick Payment Agreement to begin processing of the initial Quick Pay Program.
